

# WATER SAFETY BINGO

Ready to splash into water safety?! Use the following instructions to play Water Safety Bingo! It's sure to be a BEST DAY EVER!

**MATERIALS:** One playing card per player, calling cards (print and cut from these instruction pages), nine bingo markers per player

## PREPARE THE BINGO CALLING CARDS:

1. PRINT these instructions on two separate pages (NOT double-sided).
2. CUT out each icon (eight total).
3. FOLD along the black line so that the text appears on the back of the calling card for the game leader.

**RULES:** Each player should receive one playing card and nine bingo markers. Decide which type of bingo the group will be playing - blackout, diagonal line, vertical line, four corners, etc. Cover the free space. Show one calling card at a time and teach the water safety rule. Use the text included on each icon as a guide, adjusting per age/grade level. Players should then use a bingo marker to cover the corresponding icon on the playing card. Keep playing until someone reaches the bingo goal. Play at least one game to cover the entire card - all win!

---

## BINGO CALLING CARDS

Cut out the cards below. Fold each card along the black line.  
Use these calling cards to play Water Safety Bingo.

**Helpful tip: Laminates the calling cards to use them near water!**
