Water Safety With Colin & Friends is a water safety education tool that encourages children to make safer choices around all types of water. Appropriate for children ages 3 and up, this evidence-based curriculum has proven with statistical significance to improve children's water safety knowledge!

A full water safety curriculum kit:

- Includes water safety songs, games, a science experiment, and much more!
- Shares life-saving information with caregivers, educators, and administrators.
- Has flexible components for lesson plans ranging from one day to two weeks.
- Pairs seamlessly with in-water swimming lessons.

Invite Colin & Buddy to become part of your educational agenda today!
